Keystone Video

This nine-minute video portrays how local community members recognized their “neighbors” in need, took action, and connected them with the help they needed from Keystone Opportunity Center. These are the types of stories we hear everyday at Keystone, caring men and woman who help “Hope Grow” in our community. *(Some participants names, pictures, and details in the stories have been changed to respect those involved. Special Retirement Tribute To

E. Richard Aichele, III

Prior to becoming Executive Director Rich had experience as a Keystone volunteer. He learned of Keystone through his membership in the Harleysville Rotary Club and as part of the club was a maintenance volunteer at our properties. Through his church he arranged for Keystone to utilize one of their properties for our transitional housing program and he was an IHN coordinator for that church. In addition he and Karla loaned the organization one of their apartments for use as the Bucks County Day Center.

He became Executive Director on January 1, 2011 after spending time with us during the previous December learning more about the organization. During these past six years he has guided Keystone through a period of change which included the introduction of Your Way Home in Montgomery County, expansion of our housing program to include permanent affordable housing, expansion of our education programs, introduction of the Community Case Manager position, and renovation of the Food Pantry. Rich always stepped in where needed and was often moving furniture, overseeing a renovation project during the regular work week or on the weekend, or speaking at a church to explain IHN. He was and still is a great spokesperson and supporter of this organization. We wish him well in his retirement and know he will be actively volunteering for causes in which he believes. *(Written by: John Lyon, KOC Board Member)*

"I've had the privilege of knowing Rich for about 30 years. From the banking side of Univest (Union National at the time) to the compassion side at Keystone Opportunity Center, Rich has always been a kind-hearted soul. I've always known Rich to be a hard-worker, never afraid to "get in the mix" to get things done while desiring to see success in both individuals and business. In speaking with Rich on several occasions, it's always been evident that he desires to help others and has a sincere passion for missions.

His love for Christ can be seen through his work ethic, compassion for others and love for his family. He has always been someone willing to give someone a chance if he feels it would benefit the person as well as help meet a need in the workplace. I wish Rich the best in this new chapter and hope to see him around the community. *(Tracy Fretz, KOC Board Member)*

Thank You's from Keystone Staff

It was a true pleasure working along side you and learning from you. Thank you for your leadership and heart for helping others. Best wishes in the years to come!

You have heart to help those in need and as a result it has benefitted many families who come to Keystone for assistance. We were blessed with the many connections you found for Keystone through your networking.

May your new journey be filled with joy and opportunities to do the things you have always wanted to do!

Wishing you all the best and again I can't thank you enough for all of the lessons learned while working with you! Take care and may God bless you always!

Thank you Rich for all of your years of service at Keystone. We appreciate all of the hard work and long hours you put into helping community members in need.

There was never a task too big or too small that Rich would not do. Always lending a hand to get the job done.

Rich has seemed like the Energizer bunny: tireless. He was always coming and going and representing Keystone wherever he went. He was never short on creative suggestions for solutions to our challenges and tried to support us whenever and wherever he could. He always had a smile for us when he came up to introduce a community member, volunteer, or county or city official, never forgetting the Ed. department! Rich also had an amazing ability to listen to the many thoughts and ideas expressed in a Program Improvement Team meeting, for example, then succinctly wrap them up into a clear, to-the-point summary and action plan. If you want a clear picture of Rich's passion and dedication to Keystone, show the Keystone video. His words and emotion at the end of the video speak volumes! And even though Rich has now retired, he still holds our programs near and dear to his heart, advocating for us to receive Rotary funding to reinstate the Senior Citizen ESL class at Advance Living Community. Thank you, Rich, for all you have done for the staff, students, and Education program!

John Fosbenner

John was born on January 5, 1946 at Grand View Hospital in Sellersville. He grew up in Telford and graduated from Souderton High School in 1963; he then attended Gettysburg College majoring in Biology and graduated in 1967. John attended the University of Pennsylvania and graduated in 1968 with a Physical Therapy degree. In 1968, John joined the U.S. Army and served at Madigan General Hospital in Fort Lewis, Washington for 2 years. From 1970 to 1971, John served at Fort Eustis Army Hospital in Virginia.

After leaving the U.S. Army, John was employed at Sacred Heart Hospital in Allentown in the Physical Therapy Department from 1971 – 1975. In 1975, John started working at Grand View Hospital as the Manager of the Physical Therapy Department until his retirement in 2008.

Over the years, John has volunteered with his church, Trinity UCC of Telford for Habitat for Humanity for numerous years and for 7 years at Keystone Opportunity Center as one of our weekly Volunteer Handymen. They would eagerly and skillfully complete a punch list of a variety of tasks that needed to be done at KOC's housing units. John retired as a Keystone Volunteer at the end of November 2016.

We truly appreciate John's years of Volunteer service and I now enjoy staying in touch with him by e-mail. John and his wife, JoAnn were married on October 12, 1968. They have 2 children and 4 grandchildren who live in the Exton/West Chester area.

John and JoAnn look forward to escaping the cold weather of Pennsylvania for a month each year and traveling to warm and sunny Florida. In his spare time, John enjoys spending time with family and friends, reading, going out to eat and going to the movies. John and JoAnn currently reside in Souderton.

Keystone Youth Service Award

Seth Kohler

Keystone Opportunity Center is proud to award our 2nd Keystone Opportunity Center Youth Service Award to Seth Kohler. Seth is 16 years old, lives in Harleysville and is a sophomore at Souderton High School. Last summer, Seth began to volunteer with the youth group from Grace Bible Church on Monday mornings.

They would pick up vegetables which are donated from the community through our Vegetable Basket program. When they bring the produce to the pantry, Seth helps with weighing it in and sorting it for our families so it is available for them to choose from when they shop. At

the end of summer, Seth asked if he could continue to volunteer during the week after school.

Since the beginning of the school year, Seth has helped out on Thursday nights assisting families who come to the pantry to pick up food. He greets everyone he meets with respect and welcomes them with his great smile! He also helps us stock the freezers, sort through donations and other various duties we have for him.

We are proud to have Seth as part of our volunteer team in the food pantry and he is a great example to other young people of how to serve others in need.

For over 25 years, FIBER-LINE® has worked and processed a myriad of high performance synthetic fibers for countless markets and applications. FIBER-LINE® enhances the natural properties of synthetic fibers by utilizing various value-add processes. FIBER-LINE®'s research, development, and engineering teams are continuously evaluating new materials and processes that allow us to offer improved products and solutions.

At FIBER-LINE® we operate on the basis of a simple philosophy:
Treat others as you want to be treated.

This philosophy is reflected in the relationships between the company and all of its employees, how the employees treat each other, how we treat our customers, how we treat our suppliers, and we hope, in our personal lives.

Rising Sun Inn

Specializing in North American Bison

Newly renovated dining room retains its warmth and the big stone fireplace that has the distinctive character and charm of colonial days. The bar has a cozy, neighborhood feeling with its wood floors, walls, oak bar top and unique "bison theme" decor.

It offers entertainment every Thursday, Friday, and Saturday night. The Liberty Bell Room, located on the second floor, offers an intimate setting for special parties and functions. Larger gatherings are welcomed in our 18th century newly refurbished barn that comfortably allows for 100 guests.
